### About Master Len

---

I have a great life filled with wonderful people. I'm eager to meet new people and make new friends and play at all levels and continue to learn from others.

My passion is rope bondage and always happy to tie someone up. It feels fantastic when after a scene, the bottom is feeling happy, strong and good about themselves. I love when someone gives me the gift of suffering for me.

Consequently, I enjoy teaching rope techniques.

### On Stage Bio

---

I have hosted discussions groups too many times to count. For a year, I hosted the couples group of 1,500 members for Threshold in Los Angeles. I hosted a weekly discussion group in Las Vegas with an average attendance of about 40 members.

I've produced ten instructional videos on bondage, flogging, basic scene play, hot wax, vibrators and bullwhips.

For its first eight years, I managed the BDSM stage at the Fetish and Fantasy Ball. With a crew of 30 under my direction, we produced an event attended by over 5,000 people.

I've presented at the Power Exchange in Las Vegas, and many other local events. I've been the MC at various fetish events. I can work in front or behind a camera. I also do technical support for fetish, bondage and BDSM shoots.

## My World

---

I live full time in both the kinky and vanilla world. For me it is all real. I have been active in the scene for over 25 years.

I'm a well-known producer of over 300 intense BDSM videos. I've performed at the Fetish and Fantasy Ball in Las Vegas.

I am also a long time member of Threshold in Los Angeles as well as other clubs. I have been in thousand of scenes and participate in several scenes every week. But – I still find time for family reunions, birthday parties, travel and a lot of normal every day things.

## About My Poly Family

---

My best asset is my wife **Barbara**. We have been married for 42 years. She is very submissive and taught me how to treat a submissive woman – with love, kindness, honesty and firm leadership. We raised two children who became fine adults. We entered the world of BDSM about 30 years ago.

I began to learn how to treat slaves and masochists. They taught me how to be kind and intense, honest and respectful, dominant and fair. I owe all that I know to the women that give me the license to control and torment them.

**Pammy** is 60 and has been my slave for 15 years. She has a very strong personality and is very smart. She lives a poly life with her husband and they've raised five children. I often draw on her experience and trust that she will give me her honest opinion.

**Slave Di** is 51 and has been my slave for year and a half. Not a heavy masochist, she is dedicated to our Master/slave dynamic and is in it for the long term. Known as my "Princess slave" because she prefers the finer things in life. She is – by far – the best web developer that I have ever known. I consider her my executive officer. When I say "Make it so!" it gets done.

## Scenes That I Love

---

My passion is rope bondage – the more complicated, the better. Seeing women in full suspension is like viewing a masterpiece. I also like predicaments and challenge bondage.

Whipping scenes are one of my favorites. I love taking you to the edge of your limits and holding you there. When it is over you will be very proud of yourself – as you should be.

I love fantasy capture/rape scenes, where the bottom is not sure what will happen or when it will end. (This is consensual and completely negotiated, of course.)

I get great satisfaction from scenes in which I am able to help a person do something they have always wanted to experience.

I have the skill, knowledge and equipment to do the following:

- Bondage With Suspension
- Mummification
- Flogging
- Whipping / Single Tail / Bullwhip
- Electrical / Violet Wand / Electro Stimulation / Tens
- Hot Wax, Fire Play
- Medical / Speculum / Enemas / Breast Pump
- Play Piercing / Needle Play
- Fisting
- Anal Play
- Erotic Massage
- Sensual Flogging
- Tantra Energy Flow

## Photography and Video Production

---

I am a professional photographer and BDSM video producer. I have taken over five thousand fetish pictures and produced over 300 full-length videos. I also produce BDSM instructional videos. I've been at this for over ten years – so I have lots of equipment!

I'm happy to take pictures of friends for free. If you need quality pictures, I can help (time permitting). I don't take videos of our scenes unless they are for you at your request. When I shoot my friends, they are paid and they sign model releases. What I do is legal.
